PEACE OF MIND FOR YOU AND YOUR EMPLOYEES

Balance Booster provides early access to HSA planned contributions for your employees so they can cover healthcare expenses on 'day one'.

BENEFITS TO YOUR EMPLOYEES

Employees can have immediate access to health savings account (HSA) funds before they have built up their account balance. Balance Booster will:

- Ease fears of not having money available early in the plan year
- Make funds available 'day one' for all payment methods
- Automatically apply funds to employees' accounts

BENEFITS TO YOU

Early access to contributions only happens when employees experience health care expenses, helping you to realize:

Higher adoption

Increased HDHP / HSA adoption¹ and satisfaction

More savings

Reduce benefit plan costs through greater HDHP participation and additional FICA savings¹

Cash efficient

Minimal up-front funding required

Low risk

Repayments for advances happen automatically from payroll contributions
